## PENSION COMPARISON TOOL: COMPARE TWO PENSION SCHEMES

### WHY COMPARE YOUR PENSION SCHEME?

Pension schemes vary. This comparison tool will show you the differences between two pension schemes. For example, you see what you will get and what you will not. Have a look at the differences and what they mean for you. Then you can choose to make an arrangement yourself. Understanding the differences is also one of the steps when considering a value transfer: should you take your pension with you to your new pension provider, or not?

### COMPARE YOUR PENSION SCHEME IN FIVE STEPS

We have already filled in one column with the data for the KLM Cabin Staff Pension Fund. Take layer 1 of the Pension 1-2-3 of the pension scheme that you want to compare this with. Complete the second column step by step. The terms used are explained in layer 1.

#### STEP 1: What you will receive in the pension schemes and what you will not receive

##### NOTE

In this step, you can compare what you will receive and what you will not receive in your current and future pension schemes. If you will not receive something, this is shown by the icon in question being crossed out.

Do you accrue retirement pension?  
If so, what is the retirement age?

### STEP 5: Check whether the differences are important to you.

Now you know what the differences between the two pension schemes are. **Check whether they are important to you. And consider what the differences mean in your case.** You may wish to make additional arrangements for yourself personally. If you would like more information on the differences and their significance for the amount of your pension, contact your pension fund, insurer or employer. Or speak to an adviser.
